

School actions are bold strategies districts can take to create, redesign, or restart schools that meet the unique needs of their community.

Restart a Struggling School as an ACE Campus

What is an ACE-Model School Restart?

A district transforms a school by implementing the ACE model, focused on strategic staffing and instructional excellence. The district will select new leadership and staff and the school model must be Effective Schools Framework-aligned, including high-quality instructional materials. All current students can stay and the school may remain a neighborhood school.

Why Restart a Struggling School with the ACE Model?

- Deliver comprehensive change while maintaining a neighborhood district school by transforming it into a high-quality option for families
- Offer students an innovative model that has a strong track record of success in Texas schools
- Empower a strong leader to transform the school using the ACE model with excellent educators and staff

What are the Core Components of the ACE Model?

- **Strategic staffing** of teachers and principals including annual stipends for effective teaching.
- **Instructional excellence** focused on data-driven instruction and early interventions.
- **Extended school day** by one hour and daily after-school enrichment - the school year may also be extended.
- **Social and emotional learning support** for students and training for educators.
- **Strong partnerships** with parent and community organizations.

School actions are bold strategies districts can take to create, redesign, or restart schools that meet the unique needs of their community.

How to Plan and Implement this Action Type

1) Engage with the School Community

- ❑ Identify stakeholders, project teams, and committees
- ❑ Facilitate teacher/community input groups
- ❑ Research program requirements and align with school expectations

2) Reconstitute School Staff

- ❑ Consider possible school leaders who could lead the restart
- ❑ Collect campus administrator effectiveness data and develop a selection process
- ❑ Collect teacher effectiveness data, establish a teacher re-application process, and begin recruitment

3) Finalize Plans

- ❑ Create a comprehensive budget plan
- ❑ Develop and implement an overall communication plan and strategy
- ❑ Conduct training and professional development for teachers and administrators
- ❑ Assess other operational needs such as transportation and technology

4) Launch Restart

- ❑ Finalize school design, ensuring implementation of: 1) data-driven instruction, 2) ESF aligned curriculum including high-quality instructional materials, 3) teacher observation, 4) afterschool enrichment, and 5) parent engagement.
- ❑ Restart ACE-model school opens!

School Actions in Practice: Garland ISD

Garland ISD chose to restart Handley Elementary School and Lyles Middle School and implement the ACE model to quickly and dramatically increase student achievement and create a high performing culture. Handley ES and Lyles MS both earned a “B” rating after 1 year of the ACE model following multiple consecutive years of “D” and “F” performance.
